Department and Services

Fire department

E-Permitting Portal

Sign up as new

This will allow you to enter the property info that you would like inspected.

You will still have to call into the fire department to make the appointment. (*this will change in the future.*)

You will be given the opportunity to pay online for a small fee, or if you would like to bring a check or cash to the inspection and I can update the system when I get back to the station.

If you have any difficulty with the system please do not hesitate to call me at 401-845-0444 Opt.2.

Thank you,

Robert Hargis

Lieutenant/Fire Inspector

Middletown Fire Department
