Message Ron: I want to address the Planning Board re: the Medical Building proposal on Valley Road. I represent the Knights of Columbus on 7 Valley Road as the President of the Home Association (Middletown Columbus Club Inc). We have consistently had issues with people using the parking lot and tossing trash near the far end of the lot even though it is posted as No Parking Authorized without a Permit. I would like assurances that adequate parking will be provided to meet peak demand periods at the Medical Complex. I Unfortunately cannot attend in person. Should you have any questions I may be reached at xxx-xxx-xxxx. Thank you. Greg Huet
